

Chamber Board Endorses Bonds

The Torrance Chamber of Commerce has endorsed and will actively support both the Recreation and Airport Bond issues in the special election to be held Oct. 29, it was announced by President A. E. Thompson. According to Thompson the Chamber's Board of Directors voted to support the measures, "Only after long and thorough deliberation."

The Chamber leader added that if Torrance is to maintain its steady growth with commensurate good city operation, its citizens must be willing to support its elected city officials in their efforts to justify its "All-America City" rating. A "Yes" vote on each issue will insure this, Thompson said.

The Chamber Board of Directors endorsed the Recreation Bonds "because if Torrance is ever to have adequate recreation facilities for its great population — now is the time to purchase the property before steadily increasing growth would make purchase almost prohibitive."

The Airport Bonds are backed because "Torrance now has one of the few remaining Class A Municipal Airports and its improvement is vital to the industrial growth of the city."

More Study On Freeway Is Promised

A further study of traffic and harbor freeway construction in the Carson area is being undertaken by the State Division of Highways, J. Rome Gately, president, Carson Civic Betterment Assn., reported today.

Decision to reopen consideration of the association's proposal for a change in the on and off ramps from 220th St. to 223rd St. and Carson St. came yesterday after a meeting of Carson civic leaders and state and county officials in Los Angeles.

Gately reports that the County Road Dept. has approved the installation of a traffic light at the corner of 220th St. and Figueroa, as a safety measure for students attending the nearby Stephen M. White Junior High School.

He further reports that plans call for the installation of a highway divider in Figueroa in this area to prevent east entry to the freeway.

Gately said these proposed plans were revealed during the meeting with Edward T. Telford, state assistant engineer, State Highway Dept., Division of Highways, and with Sam Kennedy of the County Road Dept. and high assistants.

The meeting was arranged by Assemblyman Vincent Thomas upon the request of the Carson group.

Among those attending were Gately, Albert Cartwright, principal, White Junior High School; Arthur Reynolds, vice president, Carson CBA; and Mrs. William E. St. Clair and Mrs. Glen T. Mullin of the White PTA.

Seek Title of Skipperette

Seven of the Harbor area's loveliest girls will compete Sunday for the title of Skipperette of the 1957 Fishermen's Fiesta to be held at San Pedro, Oct. 5-6.

The seven finalists, chosen last Sunday from a group of 33 entrants, include Bonnie Crosswhite, 18; Terrie Esposito, 19; Juanita Gomez, 18; Lynn Husted, 19; Frances McHale, 18; Sharyn Meyer, 19, and Patricia Sullivan, 19.

All are from San Pedro except Miss Gomez, who is from Wilmington.

Judging will take place aboard a fishing boat in Los Angeles Harbor. Two runners-up will be chosen and will be named Mates to reign with the Skipperette over all Fiesta activities.

Judges charged with the difficult task of selecting the winners include Fred Chevront, president of the Los Angeles Press Photographers Assn.; Joseph Quinn, president of the Greater Los Angeles Press Club; Juan Casado, of the Los Angeles Art Directors Club; Fred Rheinstein, NBC-TV producer; Jeanne Cagney, motion picture and television actress; and Caroline Leonetti, model authority.
